“The internet’s best friend.” Flare

From the author of the popular newsletter That’s What She Said, *Nobody Cares* is a frank, funny personal essay collection about work, failure, feminism, and the messy business of being alive in your twenties and thirties.

As she shares her hard-won insights from screwing up, growing up, and trying to find her own path, Anne T. Donahue’s debut book offers all the honesty, laughs, and reassurance of a late-night phone call with your best friend. Whether she’s giving a signature pep talk, railing against summer, or describing her own mental health struggles, Anne reminds us that failure is normal, saying to no to things is liberating, and that we’re all a bunch of beautiful disasters and she wouldn’t have it any other way.
